Hello everybody. It's um August 21st.

Just checking to make sure I have the right glasses on. Um I just wanted to
pop on here real quick and let y'all know that um for a couple of weeks you're probably not going to see journals as sessions. I had um planned to post a presentation over the next uh

what is this three weeks cuz it's in a seven eight part series but in seven videos and um basically where I deprogram myself from Alan Watt and what he taught me and exposure of um Melissa Reed who betrayed me, used me and betrayed me.

And the presentation is still there, but I need to protect this channel from her.

I posted the first series of videos about I started posting them a week ago and the videos kept getting sabotaged and sabotaged and I have to pull them off, fix them, put them back up. Pull
them off, fix them, put them back up.

must have done the six or eight times. Um anyhow, now that they're mostly done, I had to fix three more again today.

Obviously, the spiritual attack is coming**, but um Melissa went to Bitchute and my channel has been deleted**, the Allen cutting through Alan Watt channel, and I realized, wow, I put these on my SRRA channel and I need to protect that. So, I've deleted them from there. um episode one, season2, episode 152. So, if any of y'all would like to see this seven part, eight part, seven video series, go to cutting through Alan Watt on Rumble and YouTube X and Facebook are still there, **but I know she's coming after me**.

So, um, and if those wind up disappearing, I have the website called cuttingththroughallenwatt.com.

And, um, all of them will be on there until she comes after me.

Hopefully, of these what, five avenues, Rumble, YouTube X. Yeah, Rumble, YouTubex, Facebook, and my website. There's five outlets for you all to see this. Um, and my apologies for not having journals and sessions for these. Uh, it's going to be two maybe three weeks. I'll still have my TED talks going up, the book reading and the forgiveness series. And I'm going to try to um reorganize my timeline and get some things recorded and fit in there. But again, it might be a week or two, possibly three before I can get to that. So, if you want to fill your time, you can watch that. What this did for me was because of the betrayal and deception, **it caused me to confront certain parts within myself that were naive.**(know thyself !! good Diana you are on the road forward)

(rest is irrelavant mumbo jumbo bible waving)

I am not sure whom I find more creepy, Karen, Debess, Melissa or this character here 🙂

Oh, look , children, her channel has been deleted she says, oh dear oh dear, well I got five channels deleted by the Cult of CTTM and that is just on bitchute…Plus odysee …but you are right Diana, she will come after you, no question about it. Probably making a voodoo doll of you right now ….Anyway to be continued….when I checked as I love checking up on things her bitchute is not deleted, it is still there, the only channel I could find, but she deleted, herself those four , five vids she talks about from all her social media accounts , things that make you go hmmm..
Just observing here, not putting blame on anything or anyone, just observing like Sherlock Holmes…observing…that is all we do ..and share…as also mrs Diana has a lack of transparency just like all the other clowns in this wonderful AW showdown….so no on will directly talk to any of us , including you by the way..just saying…just observing…

Did Jo Leigh also invest a lot of dough in Texas, well she paid for her trailer there, etc etc, what a bunch of morons, all of them.

Frau M is just a very good trickster, that is all there is to it, plays them all, uses them, sucks them dry and spits them out, maybe you think well they deserved it, they are fools, yes they are fools but it is certainly not good manners 🙂
